

# NEARLY 500 LOST WHEN VESSELS SINK

## SUBMARINES HOLD CENTER OF ATTRACTION

Little Activity Reported on West Front Due to Inclement Weather

### GERMAN REACTION ALONG FRENCH LINES TODAY

Zeppelins in Raid Over England Do Little Effective.

#### Work

#### AMERICAN UNITS ARRIVE.

London, May 24.—American army engineers made a call early today on Ambassador Page and later separated for conferences with war office officials. They were entertained at luncheon by the Earl of Derby, secretary for war.

American khaki is very much in evidence in London. A number of additional officers and hospital units have arrived and American nurses already have become a familiar sight to the London public. More than 1,000 persons belonging to the American army now are in London.

(By Associated Press.) The Zeppelins and submarines figure most prominently in the war news today with a raid by airships on Norfolk, England, and the sinking of the 14,000-ton transport Transylvania, officially reported.

The submarine did its deadliest work in many weeks in the torpedoing of the Transylvania in the Mediterranean on May 4, 413 lives being lost. The Zeppelin raid, like all other raids until the British defensive measures were perfected, seemed to have come abortive. The Zeppelin had little success in locating their marks, and the bombs fell in country districts.

Second Phase. Today's news from Rome indicates that the Italians have opened the second phase of their offensive with a sweeping victory down the coast toward Trieste. They broke through the entire Austrian line from Carnagavizza to the Adriatic, a front of about five miles.

The new drive is a direct menace to Trieste, from which General Cadorna's troops are now less than 10 miles distant. The route lies along the Carso plateau and the advance of the Italians over this difficult ground was surprising in its rapidity.

State of Quiet. Military operations in France are in one of their periodic states of quiet. The French front is the liveliest, the Germans reacting there after the recent French successes.

The Paris war office announces that so far in May 8,600 unarmored Germans have been captured in the field of the French offensive, the soldiers and their arms.

Inclement weather is holding Field Marshal Haig's men to their trenches along the Arras front and the expected recommencement of the offensive with the object of clearing out the Germans from the little sector of the Hindenburg line they still hold west of Bullecourt, has not yet started. It is probable, however, that with the lifting of the clouds, the big guns will start roaring again and the infantry will be loosed against the Germans in an endeavor to complete the tactics which will place the entire British front in alignment for the next step on their program—the smashing of the Drocourt-Queant switch line and an advance eastward toward Douai.

The infantry also was inactive Wednesday along the French front, where the Germans attacked the new positions captured by the French Tuesday night east of Chevreux and on the Calonne and Vaucelles plateaus. The number of prisoners taken by the French in this region has now reached more than 400.

#### SECOND STAGE.

London, May 24.—The Italian offensive has entered into its second stage with new and important gains between Gorizia and the sea. Major General F. B. Maurice said today to the Associated Press, the first stage of the new drive has resulted in the capture of more than 3,000 prisoners.

#### NAVAL ACTIVITY.

London, May 24.—Pronounced German naval activity in the Baltic on Tuesday is reported in a Central News dispatch from Amsterdam. Yesterday a violent cannonading was heard along the shore. Houses on southern Danish islands shook.

#### TAKE 9,000 PRISONERS.

Rome, May 24.—Italian forces yesterday broke through the Austro-Hungarian line from Carnagavizza to the sea, taking more than 9,000 prisoners, says the official statement issued today by the Italian war department.

The report announces that Italian forces had occupied part of the area south of the Castagna-Boscomalo road, had passed Borsale and captured the towns of A. Miano and (Continued on Page Three)

### FIRED FIRST SHOT FOR UNCLE SAM

The United States government has just officially recognized Goodwin, on the American liner, Mongolia, as the man who fired the first shot in our war with Germany. He fired the shot that struck a U-boat, sighted in the English Channel. First reports of the affair were uncertain. Facts have just been established.

## PAVING CASE IS DISMISSED BY JUDGE AMIDON

Plaintiff in Bill Fails to Establish Grounds for Federal Jurisdiction

### DECISION OF SUPREME COURT ALSO CONTROLS

Judge Amidon today dismissed the case of the Todd Land Company against the City of Bismarck et al., for want of jurisdiction. Plaintiff in bill of complaint had failed to establish that amount of paving assessment at issue was in excess of \$3,000. The action as it affects paving districts numbers one and two is dismissed. Complainant sought to restrain completion of the paving projects in districts numbers one and two.

In announcing his decision, Judge Amidon in detail stated the fundamental rules. One of the chief determining factors was the decision of the state supreme court denying A. C. Hinckley et al., an injunction on practically the same grounds.

The judge stated that in a federal decision not yet published, a rule had been formulated that federal courts should lean to decisions of the state supreme courts and especially was the rule more pressing in matters so purely local in character as bond issues and special assessments.

He announced the decision in the paving case recently filed by the state court was without error that justified the federal court to rule contrary to its findings.

In seeking to establish jurisdiction, attorneys for the Todd Land Company set up as controlling factors the amount of the paving contract and the value of the property of plaintiff affected. Judge Amidon stated the the decision held the other way and the sum for purposes of jurisdiction must be determined by the amount of assessment at issue or individual damage. A plaintiff in such a suit, did not become representative in character as in the case of actions brought to abate nuisances.

The decree dispenses with the paving litigation and permits the project to go to completion without delay.

The plaintiff was represented by Engender & Holt of Fargo, and Davis, Severance and Olds of St. Paul, R. E. Olds of St. Paul and Messrs. Divet and Ford of Fargo. For the city and Ford Paving Co., were C. L. Young and Linde, Murphy and Fisk.

## GERMANS MAKE AIR RAID OVER EASTERN COAST

London, May 24.—Four or five German airships raided the eastern coast of England last night according to an official statement issued this morning. One man was killed in Norfolk. The material damage is believed to be negligible.

## MOST POWERFUL FLEET UNDER AMERICAN FLAG

United States Navy Ready for Service Becomes Vast Training School

### EXCELLENT MARKSMANSHIP FOUND AMONG SAILORS

More Than Ninety Per Cent of Enlisted Men Are Native Born

(By Associated Press.)

With the United States Atlantic Fleet, May 24.—The big ships of the most powerful fleet ever under the American flag, when visited by a correspondent of the Associated Press, through arrangement with the committee on public information, were working day and night to bring about the defeat of Germany on the sea. Ready for battle, they are spending the waiting period turning out sailor men. The fleet, temporarily, is a great workshop of war. Already it is turning out one of its finished products—men who can fight. They are serving the guns on American armed merchant ships. Its other product—men who can run the great merchant fleet the United States will use to feed the Allies—will be ready as soon as the ships.

#### Guns Everywhere.

Five-inch guns, the kind principally used against submarines, are there by the hundreds. On the decks great turret hows long 14-and 12-inch rifles—two or three to a turret. On high platforms guns used for defense against aeroplanes point to the sky. Brass is always shining, steel is always polished, paint is always new, decks are always white with scrubbing.

The men behind the guns have lost shipmates in the war—they were gunners' crews on merchantmen sunk by German submarines. And other shipmates now are on duty aboard the destroyers operating with the British and French fleets. The men with the Atlantic fleet are working to prepare themselves to avenge the killing of their mates.

Here's what happened the other day: A crew was practicing with a 5-inch gun. A bluejacket about 17—he still had down on his chin—was pointing. He grasped handles on a broad brass wheel; his eye was steady at a rubber cup at the end of a long sight, through which he saw the target. His duty was to keep the gun on the target so it might be fired at any time.

Around this gearless youth were grouped other gunners' crews ready to fire when his crew had completed its period.

The breach snapped open, the load was thrown home, the breach was hurried back in place and then a buzzer, operated from the fire control station, sounded, there was a flash, a roar, the hiss of a projectile speeding through the air and the louder hiss of compressed air blowing smoke out of the gun. Miles away the projectile struck the target.

Old Tar Admirals.

"Guess that's bad," said an old man-o-war's-man looking on admiringly at the third shot, as the gun's crew got the range and the pillar of white water leaped into the air.

"How would that do for Fritz? Suppose that had been a submarine and—"

The buzzer, the roar of the gun and the hiss of air interrupted him.

"Another hit! Gee whiskers that's shooting."

90 Per Cent Native Born.

"In this fleet," said one of the officers, "more than 90 per cent of the men are native born Americans. There are few foreign born men here."

On any ship may be heard the drawl of a South Carolinian or a Georgian, the twang that is New England's, the rising intonation of western Pennsylvanians and the tone that only comes from west of Chicago. So fast is the enlisted personnel of the navy growing that there is no room for the new men at the training stations ashore. A man enlists one day in Kentucky and three days later finds himself at a loading machine on the deck of a dreadnaught.

Many ships have aboard them the naval militia from the various states. Some of the militia are pronounced good sailors.

## Million of Women in War Work

Estimated 800,000 Now in Industries Who Did Not Go Out to Work Before War

### EXODUS OF MEN CHANGES STATUS

London, May 24.—The number of women who are acting directly as substitutes for men in steel plants, offices and workshops has now passed the million mark, according to figures of the Board of Trade Labor Gazette. Allowing for displacement in other industries and domestic services, it is estimated that 800,000 women have gone out to work who did not do so before the war.

The importance of women in the affairs of the Church of England has been emphasized by the result of the annual spring election to the church vestry. More than three times as many women have been appointed wardens as ever before, due, of course, to the exodus from the villages of men on national service.

## FOUR CHILDREN SLAIN AND LEFT FUEL FOR FIRE

Bodies of Little Ones Brained With Poker Found in Embossers of Cook Shanty

### ASSAULT THE MOTIVE FOR SHOCKING CRIME

STATES ATTORNEY DOES NOT BELIEVE IT MURDER  
Fessenden, N. D., May 24.—States Attorney Lane of Wells county does not accept the murder theory in connection with the death of four children found in a burned cook car near Cathay but believes it was an accident.

(Special to Tribune)

Fessenden, S. D., May 24.—That three children of Mr. and Mrs. Emanuel Jeske; Hilda, aged 10; Nathaniel, aged 13, and Theodore, aged 15, and a cousin, Lydia Bohnet, aged 15, were brutally murdered by being struck over the head and the cook car in which they were sleeping set on fire to hide the crime, is the belief of the coroner's jury which made an investigation of the alleged crime.

It is also believed that the Bohnet girl was assaulted, this being the motive advanced for the heinous offense. The quadruple tragedy occurred three miles from Cathay on a farm rented and being seeded by Mr. Jeske. There were no buildings on the place and the cook car was being used as temporary quarters during seeding operations. The father and mother, after spending the day working on the place with the children, left them alone for the night. The tragedy was discovered in the morning.

Assault Unknown.

A coroner's jury, called by Dr. E. M. Niles, coroner of Wells county, found that the four came to their deaths by being struck over the head by an unknown assailant. A heavy iron stove lifter, found in the ruins of the cook car, some distance from the four bodies, is believed to have been the instrument of death.

Dr. Niles and Dr. Donker of Sykeston, who was called as an expert witness, found that there were evidences that all the skulls had been fractured. The Bohnet girl's skull was badly broken and there was a blood clot on the brain.

Pillow Soaked with Oil.

There had been a five gallon can of cottonseed oil in the car and the two doctors extracted some of this oil from portions of the pillows that were not entirely consumed.

It is possible that a reward for the murderer will be offered by the county officials. There is no clue.

## U. S. STEEL TO BUILD VAST SHIP YARDS

## SHERIFF FRENCH COMPLETES LIST OF REGISTRARS

54 Men Sworn in to Receive Names of Candidates for Selective Service

### FOUR ADVANCE FILINGS MADE IN CAPITAL CITY

Traveling Men Who Expect to Be Out of City Procure Cards

—Some New Rules  
FEW ARE EXEMPT.

Washington, May 24.—Mr. Crowder, provost marshal, announced the fact that no man within the prescribed age limits except those in the regular army and navy, without regard, in federal service, or the reserve division of the naval service, is excused from registration for military service.

"Even convicts and aliens are required to register," said a statement today, "except those liable should not confuse registration with actual service in the army."

The statement points out also that the draft and calling selective men to the colors will furnish the opportunity for those who believe they should be exempt to present their claims.

"The process of selection will be carried out by lot the fairest system that can be devised."

The task of swearing in the registrars who will file the names of candidates for selective service in Burlington county, June 5, was completed by Sheriff French early this morning, and the governor was advised that Burlington is ready for the big day. A registrar will sit June 5 in the polling place of each voting precinct in Burlington county, from 7:00 a. m. until 9:00 p. m. Everyone who has passed his 21st birthday and who has not reached his 31st will be required to register on that date. The registrar has no authority to decide questions as to eligibility and exemptions, but is obligated to procure the name of every male in his precinct within the age limits specified. Eligibility and exemptions will be matters for the registration board to consider later. Aliens, without regard to the country of which they are subjects, if within the decreed age limits, will be required to register. Heavy penalties are provided for any failure to comply with the requirements of the selective service law.

The Registrars.

Sheriff French, chairman of the Burlington county registration board, announced his complete list of registrars this morning, as follows: Willard C. B. Casney; Long Lake, S. White; Morton, F. E. Galloway; Telfer, W. J. Taylor; Missouri, J. B. Irvine; Fort Rice, Fred Swenson; Lincoln, Angus Falconer; Apple Creek, J. A. Field; Boyd, B. R. Boyd; Logan, B. R. Slater; Taft, Charles Gaskill; Thelma, Roy Colton; Driscoll, H. A. Erland; Sterling, H. E. Wildfang; McKenzie, Samuel Day; Menoken, Lyman Harris; Gibbs, David Trygg; Hart Creek, E. A. Green; River View, Lynn Sperry; Eurnt Creek, W. H. Morris; Naughton, Charles A. Johnson; Francis, C. W. Clark; Sibley Butte, O. G. Porter; Christina, O. E. Kafer; Clear Lake, B. F. Parsley; Weiler, J. J. Valure; Lyman, John Walste; Trygg, Arthur Magnuson; Walcott, H. M. Ward; Croft, W. M. Streeter; Glenview, I. M. Capper; Painted Woods, Edward Peterson; Ecklund, J. M. Thompson; Ghylin Henry J. Magnuson; Rock Hill, F. V. Perkins; Wing, J. A. Kohler; Harriett, W. B. Heaton; Phoenix, John A. Davis; Richmond, Edgar Hamlin; Canfield, C. F. Lindsey; Estherville, Walter Graham; Grass Lake, W. C. Jackson; Wilson, L. E. Emery; Steiber, J. R. Jones; Summit, N. M. Christenson; Florence Lake, I. F. Lytle; Hazel Grove, Ralph C. Halver; Bismarck, B. E. Jones, J. D. Macdonald, Melvin Hagen, Christ Yegen, W. S. Perry; South Wilton, Dan K. Prentice.

#### Report to Governor.

Early this morning Governor Frazier began receiving reports from sheriffs westward over the state advising that their registrars had been sworn in, and by evening the chief executive expects to be in position to announce that North Dakota is all set for June 5.

#### Registration Board.

The registration board in Burlington is composed of Sheriff French, Auditor T. E. Flaherty and Dr. C. E. Stackhouse, county physician. The board this morning requested that the press impress upon anyone who expects to be away from home registration day, or absent from his legal voting precinct, or anyone now residing in this county whose legal residence is in some other county or state, the importance of promptly calling upon the county auditor and filling out a registration card to be forwarded to the sheriff of his home county, or if he be a resident of a city of 30,000 or more, to the city auditor. The card must be mailed so as to reach its destination on or before June 5 and there must be enclosed postage for the return of the certificate of registration, whose owner will be expected to carry it on his person at all times. Four absentee registrations already have been made with County Auditor Flaherty.

### COMMANDS MARINES GIONG TO FRANCE

COL. CHAS. A. DOYEN. The 2,600 marines going to France with Maj. Gen. Pershing's men will be under command of Col. Doyen, commandant of the marine barracks at Washington. Col. Doyen is 53, a graduate of the Naval academy, and has had 34 years' service in the marine corps. He served in the Philippines and at San Domingo, and has been colonel since Jan. 16, 1909.

## NO PASSPORTS FOR SOCIALISTS TO PEACE MEET

Government Regards Stockholm Conference in Reality a German Affair

### MILLIONAIRE HOBO HAS ARRIVED IN SWEDEN

Washington, D. C., May 24.—The state department has announced that no passports will be issued to any one desiring to leave the United States to attend a conference of Socialists at Stockholm to discuss peace.

It is pointed out that any American participating in the conference will be subject to the penal provisions of the Logan act of 1798, providing a maximum fine of \$5,000 or imprisonment of three years for any citizens of the United States participating, directly or indirectly, in any verbal or written correspondence with a foreign government or representatives in relation to disputes of the United States.

It is because officials regard the Stockholm socialists' program as a German peace propaganda that the United States representatives will not take part in it. No passports will be issued to persons contemplating being delegates.

After the state department issued its warning, word came from Stockholm that James Eds. Howe of St. Louis, known as the "millionaire hobo," had reached there to participate in the conference.

Turn Hilguit Down.

It was indicated at the state department today that any effort to secure a modification of the ruling that passports would be refused to those Americans desiring to attend the socialists' peace conference at Stockholm would be attended by failure.

Officials made this plain when they heard Morris Hilguit was coming to protest to Secretary Lansing.

Secretary Lansing made it clear that if Howe took part in the Stockholm conference he would come under the terms of the Logan act.

## WILL TAKE MONTH TO PASS TAX BILL

Washington, May 24.—Another month probably will be required for Congress to complete the war tax bill, although the House passed it last night. It was indicated today that the Senate will make so many changes in the measure as to result almost in a redrafting, particularly of sections relating to taxing excess property, income and manufactures and the increase second class postal rates.

## Red Cross Wants Hundred Million For Relief Work

Washington, May 24.—The Red Cross council, headed by Henry P. Davison, began its first conferences today, making plans for the \$100,000,000 war relief fund. Representatives of more than 40 cities were present. The \$100,000,000 fund under Chairman Davison's plan is to be used not only for Red Cross purposes for Americans, but for the destitute in Europe.

## TRANSPORT OF ENTENTE SUNK; 413 ARE LOST

Craft Is Torpedoed in Mediterranean by German Submarine on May 4

### FRENCH LINER SONAY GOES DOWN; 45 DROWN

Methodical Manner of Life Saving Crew Responsible for Small Loss

London, May 24.—The British transport Transylvania was torpedoed on May 4 with the loss of 413 persons. The following official statement was given out today:

"The British transport Transylvania, with troops aboard, was torpedoed in the Mediterranean on May 4 resulting in the following losses: 20 officers and 373 of other rank; also the ship's captain, Lieutenant S. Brenell, and one officer and nine of the crew."

The Transylvania, an Anchor Line steamship of more than 14,000 tons, has been in the service of the British government since May, 1915. There have been no recent reports of her movements. When she was first taken over by the British government she was engaged in transporting troops to Gallipoli.

New York, May 24.—The Anchor Line steamer Transylvania was sunk off the French-Italian coast, it was learned here today and the survivors—how many it is not known here—were taken into Savona, Italy. There they remained until May 12, cared for by the populace and administered to by Red Cross authorities. When they left Savona on another vessel for an unknown destination, thousands of persons assembled at the shore and cheered their departure.

Captain Bruell, who lives in Scotland, and who commanded the Transylvania when she went down, is one of the oldest captains in the Anchor Line service. The Transylvania's last appearance in American waters was on the day the Lusitania was torpedoed, May 7, 1915.

Just as she was about to sail from New York with 972 passengers, Captain John Black then commanding, was given information of the Lusitania's fate. The vessel left ostensibly for Liverpool, but Captain Black steered a round-about course and landed his passengers safely at Grenock, Scotland. It was generally reported at the time that the Transylvania also was marked for destruction.

#### 45 LIVES LOST.

Paris, May 24.—It is officially announced that the French liner Sonay, bound for Marseilles from Saloniki with 344 passengers, was torpedoed on April 16 with a loss of 45 lives. The steamer sank rapidly in a heavy sea, but the prompt and methodical manner in which the small boats were launched saved the majority of those on board. The captain went down with his ship.

#### DRIVE OFF SUBMARINE.

Paris, May 24.—Details of a battle between the trawler Ibis and a German submarine, in which the submarine was driven off, has just been made public. The fight took place in the Bay of Biscay on April 22.

The sea was rough and the wind was blowing hard when the Ibis sighted the submarine. The fishing boat had her trawl down and was unable to get up any steam, but her skipper, with out a moment's hesitation, cut away his trawl and joined the battle spiritedly. The coolness of the crew and the skill of the cabin boy, who took the helm while his mates stood at the guns, decided the fight. In five minutes the submarine had had enough and submerged.

## SINN FEINS WANT COMPLETE AUTONOMY FOR EMERALD ISLE

Dublin, May 24.—The Sinn Fein conference today unanimously resolved to decline to participate in any conference called by the English government ostensibly to settle the Irish question, until the following conditions are fulfilled:

First, that the bill referring the question to the congress leave it free to decree the complete independence of Ireland.

Second, that the English government publicly pledge itself to the United States and the powers of Europe to ratify the decision of a majority of the conference.

Third, that the convention be composed of none but adults freely elected by the suffrage of Ireland.

Fourth, that prisoners of war treatment is accorded the Irish prisoners arrested during the recent revolution.

## NEWS OF NORTH DAKOTA AND NORTHWEST

NORTHWEST SCOTS  
TO GATHER JUNE  
20 AT THE FORKS

Proceeds of Annual Meet of Cal-  
edonian Athletic Associa-  
tion to Red Cross

Grand Forks, N. D., May 24.—The association's highland pipers and kiln band of 30 pieces, Scotch sports and a great outpouring of patriotism will mark the celebration of Loyalty day, June 20, by the Northwest Cal- edonian association, which will bring to this city thousands of Scots from the American northwest and Canada. Special trains from Duluth, the twin cities, Winnipeg and other points have been promised, and local Scotch clans throughout the country are co-operating in an effort to assure the success of the big meeting, whose proceeds will be turned into the Red Cross fund.

OIL FEVER SEIZES  
EDGELEY CITIZENS

Companies May Be Organized to  
Prospect for Petroleum  
Near Village

Edgeley, N. D., May 24.—The discovery of oil at a depth of 350 feet on the Henry Pickford farm, near Dickey, has resulted in a serious attack of oil fever for Edgeley, where there is serious consideration of the organization of a company to prospect a large territory.

HEBRON WILL ENTERTAIN  
SLOPE BUTTERMAKERS

Annual Meeting to Be Held at  
Morton County Center for  
Dairy Industry

Hebron, N. D., May 24.—The annual gathering of the Southwestern North Dakota Buttermakers' association will bring to Hebron on Saturday buttermakers from all parts of that section of North Dakota which only a few years ago with tens of thousands of cattle feeding on its ranges rarely manufactured enough butter for its own use, and which now is one of the best dairy regions of the northwest. Hebron and New Salem are centers of one of the finest dairy circuits in North Dakota, and the buttermakers of this district have stood first in state scoring contests.

Give Nine Sons to  
Colors--Williston  
Couple Do Share

Williston, N. D., May 24.—Mr. and Mrs. R. Blankenship have done their bit for Uncle Sam. They have nine sons. Four are serving with the United States navy, and five are enlisted in the North Dakota National Guard.

GREAT NORTHERN STOCK  
SHIPPING DAY CHANGED

Cattle Now Will Reach South St.  
Paul Wednesday for Thurs-  
day Morning Market

Minot, N. D., May 24.—The main line of the Great Northern from Minot to Cass Lake and branch lines from Sherwood to Granville, Maxbass to Towner, Antler to Rugby, Dunseith to York, Brandon to Churchs Ferry, Hansboro to Devils Lake, Siles to Lakota, Hannah to Larimore, Morden to Grafton, Portage to Prairie to Grand Forks, Winnipeg to Crookston, Warren to Dugdale, Grand Forks, via Fargo, to Barnesville, and Crookston to Moorhead and to Barnesville are affected by an order effective this week, by which livestock will reach South St. Paul Wednesday afternoons for Thursday's market, instead of Sunday afternoons, for Monday's market, thus greatly relieving the tension which has been experienced on the first business day of the week.

FINE THING TO HOLD  
OVER HEAD OF HUBBY

A. Cornforth, Defendant in Di-  
vorce and Charged With  
Contempt, "At Home"

Flaxton, N. D., May 24.—Arrested in Montana for contempt of court, released from the Ward county jail through an error of the jailer, re-arrested and finally convincing the authorities that he would be safe at home, A. Cornforth is now at his home here, living contentedly with Mrs. Cornforth, whose suit for divorce, still pending, was the cause of all the trouble.

## BOOST FOR CLERKS

Operators and Other Employees of  
G. N. Get More Pay  
Minot, N. D., May 24.—Clerks and operators on the Minot division of the Great Northern will profit to the extent of \$3,300 per month from an average increase in wages of 18 per cent made effective by President Hill on May 1.

PLUCKY TEXAS LASSIE  
FINDS HOME AND HUBBY

Goes to Montana to Prove Up  
Claim, Finds Manager in  
North Dakota Boy

Glasgow, Mont., May 24.—Miss Carrie Lee Baylor, a plucky Texas girl, who came here two years ago and located upon a homestead, upon which she has just proved up, has also found a manager for her homestead in the north land. Perry A. Thomas, formerly of Aneta, N. D., and now employed by the Baylor Mercantile company at Baylor, is the lucky chap. They came here for the wedding, and there'll be no honeymoon, for Carrie Lee, with her new "help," intends to plant every acre.

WASHBURN LIGNITE HAD  
MOST SUCCESSFUL YEAR

225,000 Tons of Coal Produced  
During Last Twelve Months  
—Expect Gain

Wilton, N. D., May 24.—North Dakota's largest coal mine—the Washburn Lignite Coal company's, owned by the Twin City Washburn interests—has closed its most successful year with the production of 225,000 tons. A new shaft was opened during the year, and the company is in position to meet the increased demand for lignite which it anticipates this year. Wilton lignite is delivered at retail in central North Dakota cities for \$3 a ton. It is used exclusively by the Hughes Electric company at Bismarck, in the manufacture of current which sells for domestic uses at 3 cents, and is the only fuel burned by all but one of the state's score of public institutions. The bed upon which the Washburn company is working is practically inexhaustible.

PRESENCE OF MIND  
SAVES BOY'S LIFE

Makes Tourniquet of Handker-  
chief When Windshield  
Severs Artery

Velva, N. D., May 24.—When the frame of a windshield was driven into his leg, severing an artery, Claude Runyan, a 15-year-old boy, devised a tourniquet from a pocket handkerchief, stemming the flow of blood, and calmly sat down by his overturned car to await the coming of a machine which would bring him to town. He probably will be a cripple for life as a result of the injury.

Two Shows

7:30 and 9:00

DON'T MISS THIS WONDERFUL PICTURE

Plows Up Potatoes  
Left Over Winter  
And Banks Money

Bantry, N. D., May 24.—John Norris plowed up a field of potatoes which he did not have time to dig last fall and found the spuds in fine condition, ready to command a top price on the market.

CANADA AND AMERICA  
JOIN IN CHURCH MEET

Loyalty Day Program Brings In-  
ternational Congregation  
Together

Portal, N. D., May 24.—The Canadian union church and the Presbyterian church of Portal joined here in an impressive patriotic service, attended by hundreds from both sides of the border. American and British flags intertwined decorated the stage, and the international audience applauded with equal fervor "America" and "God Save the King."

MADE MILLION OUT OF  
DISCARDED DUMP HEAP

Montana Mining Man Tells How  
He Cleaned Up on Butts  
& Superior Waste

Butte, Mont., May 24.—That he made more than a million dollars out of the slime dump left by the Butte & Superior Mining company after work had been abandoned at its Basin mill, which subsequently was purchased and worked by the Minerals Separation process, was the testimony of Max W. Atwater, a witness for the Minerals Separation, Ltd., in its suit against the Butte & Superior for alleged infringements of the former's patents.

BOWMAN SHEEP RANCHERS  
REFUSE 45 CENTS—THINK  
WOOL WILL BRING MORE

Bowman, N. D., May 24.—John Hawke, representing a Roatan house, has contracted for the wool clips of David Fansan, Matt Henry and Claude Browning, 25,000, 23,000 and 12,000 pounds, respectively, at 45 cents. Many Bowman county sheep ranchers are declining to contract at this price, contending that prices will go higher.

RISES LIFE THAT OLD  
GLORY MAY FLOAT AT  
SCHOOL HOUSE MAST

Mineral Springs, N. D., May 24.—When H. F. Magdalen found the Mineral Springs school house without a flag he climbed the tall and slender flagstaff at the risk of his life, threaded a rope and threw old glory to the breeze while the crowds gasped and cheered.

GOOD PRICE FOR WHEAT  
Churches Ferry Man Sells 1547  
Bushels for \$3,573

Churches Ferry, N. D., May 24.—John Rittenman received \$3,573.25 for 1,547 bushels of last year's wheat delivered to a local elevator.

Kraut Taken Out  
Of Cabbage Last  
Blow to Wilhelm

Wing, N. D., May 25.—Having taken the Dutch out of our public schools, and the German man out of newspaper titles and friend potatoes, it has remained for John Mueller, a patriotic citizen of Wing, to take the kraut out of cabbage. John, who was "made in Germany," has a sign on his garden fence reading, "Cabbage grown on the premises won't make sauerkraut."

Big Output Planned—Briquetting  
May Be Resumed Later in  
the Season

Minot, N. D., May 24.—Five million brick will be the season's output of the McMillan Investment company, operating on the Burlington road, west of Minot. The company now employs 35 men and is turning out 45,000 brick daily at the property formerly owned by the Northern Briquetting company. The briquetting plant probably will be placed in operation during the summer. The concern controls 720 acres of excellent coal and clay lands.

Printress Joins  
New Union—Cupid  
Walking Delegate

Hettinger, N. D., May 24.—Word is received here that Miss Emma Rodman, formerly employed as composi-

tor on a local newspaper, has agitated in forming a new printers' union at Thompson Falls, Mont., where she recently wedded J. L. Manire, the editor of the Enterprise, with which she had been connected since leaving this place.

## If You Suffer From Catarrh

don't make the fatal mistake of regarding it as a trifling matter. Authorities agree that Catarrh is an infection of the blood. Consequently, sprays, salves and lotions can afford only temporary relief, because they do not reach the source of the disease—the blood. When you depend on these temporary remedies alone your case is likely to grow steadily worse until it becomes chronic and seriously affects the lungs. But even if the infection does not go this far, the continuous dripping of mucus in the throat, the constant

spitting and hawking and evil odor of the breath will not only cause misery to you, but will make your presence obnoxious to others. S. S. S., which has been the standard blood medicine for fifty years, will relieve your catarrh, because it will purify your blood and relieve it of the accumulated poisons. S. S. S. contains no mineral or habit-forming drugs. S. S. S. is on sale at all druggists and the advice of our medical department is at your disposal, free of charge. Swift Specific Co., 302 Swift Building, Atlanta, Ga.

## ASSERTS PHONE COMPANY BLOCKS MINOT VICE QUIZ

Brennan Declares Manager Declines to Let His Girls Tell Their Stories

Minot, N. D., May 24.—"It was made absolutely clear today that local officials of the Northern States Power company are attempting to hamper the prosecution in the case against Judge Pala. Manager McGuire of the Northern States Power company directed Northern States telephone girls, present at the incident in the telephone exchange the night of the raid, to refuse to talk to any representative of the prosecution unless Judge Pala, or his attorney, Dudley Nash, were present. When the prosecution asked to be permitted to talk to the girls, who were subpoenaed by both the state and defense, to find out what testimony they would give in the presence of neutral counsel to be selected by the power company, Manager McGuire flatly refused to grant the request. He stated he was acting on the advice of Judge Pala, the defendant, who is also local attorney for the Northern States Power company."

The above statement was made last night by Assistant Attorney General Dan Brennan in regard to the progress made yesterday afternoon in the preliminary hearing of Attorney L. J. Pala, former judge of the district court, who is charged with assault with firearms with intent to kill A. Upton, a citizen appointed as deputy sheriff to act the night of the raid. The alleged offense was committed in the telephone exchange following the seizure by the deputies.

Mr. Brennan stated last night that considerable delay was experienced by McGuire's stand and when he announced his intention of refusing the request of the prosecution Brennan switched tactics and called the girls to the witness stand. Two of the girls testified Pala told Upton to get out or he'd shoot him; while all three girls saw Pala and Upton with guns. Two of them saw Pala with a gun first and the other saw the gun in Upton's hand first. The latter did not hear Pala threaten to shoot. The preliminary hearing will be continued tomorrow morning.

## REDENBAUGH PLEADS GUILTY TO MURDER

Minneapolis, May 24.—Joseph Redenbaugh, confessed slayer of Mrs. Dunn, in St. Paul, and Patrolman Connery, in Minneapolis, pleaded guilty today in district court in Minneapolis to the killing of Patrolman Connery.

When asked his real name, he hesitated and then said:

"My real name is E. Hamilton." Redenbaugh was handcuffed to a deputy sheriff. All the havoc that had characterized his appearance before the police was lacking today. His eyes were downcast, and the few words he spoke were in a low tone, not audible ten feet from where he stood.

by the abolition of capital punishment by the next session of legislature, while his appeal was pending in supreme court, has asked Governor Frazier for a pardon, advising that a good position awaits him when he is free. Noah was sentenced for murder from Ward county.

## SELIG FEATURE AT THE BISMARCK

"The Princess of Patches," a Selig reel play, released in R. E. S. E. service, will be the feature film at the Bismarck theater tomorrow and Saturday. Among the scenes is a field of cotton pickers in the southland, pictures of southern mansions, and other true to life scenes of the southland, particularly in Mississippi. There is a gripping story of plot and counter plot. How the Princess of Patches finds her true love and how an avenging Nemesis comes to the evil doers aids in the development of the story. Among the stars featured in the production can be named Vivian Reed, Charles Le Moyne and several others.

## ASSOCIATED PRESS BUYS \$200,000 OF LIBERTY BONDS

(Associated Press)  
New York, May 24.—At a meeting of the executive committee of the Associated Press, it was unanimously resolved to transfer from the present investment \$200,000 of the emergency reserve fund (an accumulation which has been set aside for extraordinary news events) to the purchase of Liberty Loan bonds.

## FOOD WASTE CRUSADE STARTS AMONG ENGLISH

London, May 24.—This is Empire Day and Great Britain is observing the holiday as a national food pledge day. Everybody is expected to sign a pledge in response to the King's proclamation appealing for economy and frugality. Already two million people have signed, and on today's report practically hangs the decision between voluntary and compulsory rationing.

More than three million helpers are engaged in the campaign, and the organizers are so confident of success that they predict that voluntary rationing will win an easy victory.

## CHINA PREPARES TO ENTER WORLD WAR

Peking, May 24.—President Li Yuan Hung has issued a mandate dismissing Premier Tuan Chi Jiu from office and naming Dr. Wu Ting Fang, former ambassador to the United States, as acting premier, and empowering him to form a new cabinet. This action probably will end the deadlock in parliament and make possible a declaration of war by China against Germany. The provincial military governors who were attempting to disband parliament, left Peking before the president took action against Tuan Chi Jiu, as the president had positively announced that he would disregard their demand for a dissolution of the legislative body. The president declared that parliament must not be coerced in any way, and announced his intention to conduct the government in accordance with the provisional constitution at any cost.

## SUBMARINES HOLD CENTER OF ATTRACTION

strong forts east of Bietaross and Bagay.  
The Italian official report says the Austro-Hungarians at first were surprised and nonplussed. They launched counter attacks in the evening, but were repulsed.  
Italian aeroplanes, numbering 381, dropped ten tons of bombs on the Austro-Hungarians.

## "PRICE SHE PAID" SCORES BIG HIT

The Selznick production of "The Price She Paid," featuring Clara Kimball Young, which was shown at the Auditorium last evening and will be the attraction for this evening, gave this talented silent drama actress a wide field in which to display her histrionic talents.  
The picture, while given a wonderful setting, is made more interesting by the great truth it teaches to the young American girls who are reared in luxury and because of being unfitted to face life's battle, marry for money.  
Miss Young interpreted the role of Mildred Gower, a young and beautiful society girl, living in a fashionable suburb of New York. Following the death of her father, it is found that after dividing the money with a married brother, the widow's and daughter's share is slim and the mother induces her daughter to marry for money so both can live a life of ease.  
After failing to catch one of the eligible young men of the community, she is introduced to a colonel of questionable character and repulsive personality. In desperation she marries him, only to regret it shortly after-

## 'Bootlegger, Am I?' Muses Soo Head as Sheriff Summons On Dry Zone Violation Charges

Minneapolis, Minn., May 24.—If the sun, which was high in the heaven and shining into his office window suddenly had dropped with a loud bang below the horizon and the silvery moon had jumped up into the sky, President Edmund Pennington of the Soo line might have been surprised. But not more so than when a long telegram was handed him today saying that the sheriff of Ward county, N. D., wanted him in Minot on a charge of selling liquor in violation of the law.

When he recovered he pressed a button and the entire legal department trooped in.

"How long," asked Mr. Pennington, reading from the telegram, "have I been engaged in the nefarious and illegal business of selling liquor in violation of statute in the city of Minot, state of North Dakota?" In short, when did I become a bootlegger?

wards. She aspires to be a singer and is given money by a former lover. A third man shows her how despicable it is to be "kept" and his stinging words start her on an independent career.

## MUMPS ATTACK STUDENT OFFICERS

St. Snelling, Minn., May 24.—Ten cases of mumps and four cases of measles have broken out here at the camp, it was announced today. All are being treated at the hospital.

## FOOD LEGISLATION UNDER CONSIDERATION

Washington, May 24.—Food legislation was before both houses of congress today. The senate had under consideration the administration bill to increase the production of food and expected to discuss it until passage. The house took up the second administration measure, providing for creation of a food administrator, prevention of hoarding and price-fixing.

## APPOINT COMMITTEE TO CONSIDER ARMOR

Birmingham, Ala., May 24.—The general assembly of the Presbyterian church in the United States (Southern Presbyterian), decided today by a vote of 112 to 10 in favor of appointing a committee to confer with a like committee of the northern branch of the church on the question of uniting.

## BOYS BAND DOES WELL

New Rockford High School Organization to Give Concerts  
New Rockford, N. D., May 24.—The New Rockford boys' band recently organized by Prof. Dinsie, is proving a really worthy musical organization, and series of concerts are planned for the city parks this summer.

All the legal luminaries were surprised.  
Mr. Pennington then showed them that he is named in legal procedure growing out of the Minot war between the wet and dry forces. North Dakota becomes bone dry under the federal law July 1. Many boxes of "dry goods," "gents' furnishing goods," "medicine" and "glassware for hotel use handle with care," shipped by the liquor firms, have been hauled out of Minneapolis by the railroads entering that state, it is reported, since the law was passed, in anticipation of the impending drought.  
"Every Soo line station agent has definite, printed instructions regarding the law," Mr. Pennington said. "It is possible a liquor shipment in disguise may have gone through without our men detecting it. If that makes the railroad amenable under the law, I suppose that is how I am in the case."

## Roomer Helps Save Himself

"Who are you going after?" asked a volunteer assisting Fire Chief Currier place a ladder against a second story window in the blazing Ward home this afternoon.

"There's a roomer asleep upstairs," replied Currier.

"No, there isn't," said the volunteer assistant. "I'm the roomer."  
The fireman made a record run to the home of Mrs. W. O. Ward and before the first blast of the fire whistle had water on a blaze resulting from the explosion of gasoline which Mrs. Ward was using in cleaning a piece of silk.

The interior of the kitchen and dining room were gutted, but there was little damage to the furniture and no water was thrown on the remainder of the dwelling.  
When the blaze was at its height someone advised Chief Currier that a roomer in the Ward home was asleep in his room on the second floor. Unable to fight his way up the stairs, the chief was engaged in propping up a ladder on the outside when the man he was attempting to rescue disclosed his identity.

## Infantile!

Little Known About Spread of Paralysis

Infantile paralysis is almost certain to make its appearance again this summer.

The medical profession is not at all proud of its information on this disease. It is spread by human contact, according to the best opinion. Certain other facts are definitely known. Education of the public regarding the symptoms of the

## THE SPIRIT OF SERVICE.

There's a tip for Everyman in Herbert C. Hoover's acceptance of the big job given him by President Wilson.

Running the food business of America—and perhaps of the whole world—is one of the biggest jobs in the whole war.

Yet Hoover takes that job only on condition that he be given no pay. That was his only condition. He didn't quibble over how much work he would have to do. He didn't stickle for mahogany desks. He asked just one thing—no pay. And no pay for most of his staff.

That is about the finest spirit a man can show. It's the spirit of service—the spirit of how much can I give my country and my cause?

There's a tip for Everyman and Everywoman in Herbert Hoover's inspiring example.

Not all of us can do what Hoover has done, because we have to work for a living, but all of us can have that spirit.

Looks as if the Hindenburg line is made of elastic.

## THE AVERAGE BOY.

What would the average boy do if he found \$10,000?

Is William Dilliwski an exceptional boy?

Or is he just an average American lad who believes honesty is the right system and playing the game of life on the square gets you further than playing it like an outlaw?

William is a messenger boy in New York. A great many people think a New York messenger boy wouldn't be their choice as a bearer of great wealth. But, of course, that idea should be buried along—yes, messengers do hustle—with his telegrams, when he stumbled over a fat envelope. That envelope contained \$10,000 in negotiable express money orders.

William marched right back to his office with that big envelope, to the great relief of a much worried express driver.

It is fitting that William has been promoted a better job.

William could have a bully time on \$10,000—and wound up in stripes. Now, we think William did just what the average boy would do. We believe the average boy is about the finest thing there is. What do you think about it?

We're strong for William—and the average American boy!

Berlin has been calculating that if the war ends now Germany would be gainder. Berlin must have some amusement, and this kind is as cheap as any.

## SNAIL'S PROGRESS.

After having been goaded and yammered at and pounded over the head for some weeks, Congress has delivered one of the big war measures—the selective service law.

Of course, Congress couldn't be expected to deliver it quite as the President and the war department wanted it, but it delivered it in passable shape.

For that much we are duly grateful. Thus we see Congress really can be hammered into action, though it takes a mighty lot of persistent pounding.

But let not any congressman think he has got to the end of the program. The income tax proposition as a whole is still in the piffle stage, so far as Congress is concerned.

Measures dealing with the railroad and food problems are perhaps weeks

away from passage, at usual congressional speed.

In everything that belongs to Congress the nation moves at a snail's pace—the slowest pace we know anything about.

Those things that the administration can do without Congress are done quickly. Witness the speed with which the navy went into action.

Departments can act quickly and efficiently. Only Congress dallies along, helping the kaiser with each wasted moment.

It has been said that Congress is the finest granite quarry in the country—but that is not true, for the granite in Congress is not good building material. It serves only to obstruct progress.

Of course, a part of congressional muddling is due to the fact that each congressman is more or less a local politician, concerned with getting himself kept in Congress by his locality. But America had hoped that this war would nationalize Congress—that it would give us a truly national legislative body, just as it is giving us a splendid national spirit and national unity of thought.

If there is any wisdom at all in Congress, the gentlemen who compose it will take a tip from the people and get busy demonstrating that Congress can, in emergency, really act with despatch and completeness.

But Congress will have to get busy quick—and do a lot of things that there is no present indication it will do. We wait and watch, with less patience each day.

In various sections of this country an insidious and underhanded campaign is being waged, whose purpose is to cripple the United States in the war and to help Germany. The favorite line of "may be boiled down to two hard questions."

"Why should we fight for England?" "Why should we lend our money to England?"

The object, of course, is to retard the sale of the Liberty Loan bonds and throw a damper upon the enthusiasm for this war for the liberty of the world.

Now, as a matter of fact, hard fact, we are not going to fight for England, nor for France, but with them.

For nearly three years they have been spending their money and their best and bravest blood in a cause which was not only their cause, but as it has turned out, our cause.

When we advance money to our allies we merely enable them to fight a dangerous foe while we slowly make ready.

When we finally place our own men in the trenches of Flanders and France we will be fighting for our own safety and freedom, as well as for that of our allies.

It is impossible longer to make a distinction or draw a line. We are all in the same boat. We sink or swim, survive or perish together.

If Germany wins this war the United States is in the same deadly peril as England and France.

If Germany is defeated, then the United States, no less than England and France, has helped to make its future peace secure from barbarous and ruthless aggression.

From what we see in the windows, father's new straw bonnet will be but little less by the time the festive and wonderfully adorned butterfly.

Our attorney general got his name on the first page of the Fargo Non-partisan Daily only three times yesterday. Why such a slump in his batting average?

Events of the last few days have done more than anything since the declaration of war to bring home to all America the realization that we are not only at war, but that we are in a big war involving all of us.

## READERS' COLUMN

## THE PREMIUM LAW.

Bismarck, N. D., May 24, 1917.

The Legislature passed an act known as House Bill No. 427, requiring local merchants to pay an annual license of \$6,000 to use or give trading stamps or coupons as a rebate with merchandise sold for cash, but this act permits manufacturers, jobbers, packers, etc., to attach to, or contain them in their particular goods, in the original package.

The Massachusetts Supreme Court on April 23 last, gave an opinion to the Legislature of that State holding unconstitutional a similar bill which was before the Legislature, and which made it legal for local merchants to issue, and use any kind of coupons or rebate ticket so long as they were redeemable directly by the merchants and not through third parties. That act had for its purpose discrimination against trading stamp companies only, while the North Dakota statute discriminates against the local merchant, and in favor of the manufacturer and packer, by allowing them to redeem coupons without paying the \$6,000 prohibitive license. The same constitutional question appears to be involved in both acts. The Massachusetts Supreme Court says: "The proposed act, upon which our opinion is now asked, declared trading stamps redeemable by the vendor alone, to be legal, and those redeemable by any one other than the vendor, to be illegal. The question now asked of us in view of opinion of Justices, 208 Mass. 607, in substance is whether such a distinction can be made. We are of the opinion that no such distinction can be made under the Constitution."

It is interesting to note that the Massachusetts Supreme Court, in its opinion, says that the act is unconstitutional because it discriminates against the local merchant, and in favor of the manufacturer and packer, by allowing them to redeem coupons without paying the \$6,000 prohibitive license.

The same constitutional question appears to be involved in both acts. The Massachusetts Supreme Court says: "The proposed act, upon which our opinion is now asked, declared trading stamps redeemable by the vendor alone, to be legal, and those redeemable by any one other than the vendor, to be illegal. ## The Quickest Way to Finish the Kaiser!

tion can be made under the Constitution."

D. D. Brennan, Assistant Attorney General, gave an opinion to the North Dakota Legislature holding House Bill 427 unconstitutional. In his opinion, he says: "The gist of the bill is that the retailer as such, cannot use his own stamps, or stamps furnished him by any one but the manufacturer, jobber, distributor or packer of the goods in which the trading stamp or other device are contained, or to which they are attached may be used and redeemed without a license."

Mr. Brennan holds this can be done. That such an exemption does not make the bill unconstitutional. Citing some late United States Court cases as authority, the Mass. court reviews these same decisions and says:

"The Supreme Court of the United States has determined in *Rast vs. Van Denman and Lewis Co.*, 240 U. S. 242; *Tanner vs. Little*, 144 369; *Pittsford vs. Washington*, 144 387; that statutes in essence like those referred to in the questions do not conflict with provisions of the Fourteenth Amendment to the constitution of the United States. But the question whether a statute is in conflict with the provisions of the constitution of this Commonwealth is a question upon which the decision of the Supreme Judicial Court of this Commonwealth is final." By its opinion the Mass. Supreme Court holds the United States Supreme Court cases have no application.

A positive statement has been made in writing to Commercial Clubs in this state by those who favor the passage of House Bill 429, in the Legislature that more than \$4,500,000 was used to pay Attorneys and Lobbyists to pass this bill, and it is understood that if the Referendum which is being invoked against this measure is successful or not the Bill will be attacked in the Supreme Court as to its constitutionality, and an investigation will be made to see what Attorneys got the money, and if any Public Officials were secured to assist in its passage.

Yours truly,  
CONSTANT READER.

NOTICE OF VACATION OF ALLEY

To All Whom It May Concern:

Notice is hereby given that a duly verified petition of a majority of the owners of the property on the line of that certain public alley in the City of Bismarck, County of Burleigh, and State of North Dakota beginning at the east line of Tenth street, South, extending east along the line of Lot Thirteen (13), in Block Thirty-three (33), Williams' Survey in said city, as far as the east end of said lot, and being north of said lot and south of Lots Eight (8), Nine (9), Ten (10), Eleven (11), Twelve (12), and part of Seven (7), in said Block and Addition, praying that said alley within the limits hereinabove described be vacated and discontinued as a public alley, has been filed in the office of the City Auditor of the City of Bismarck, Burleigh County, North Dakota, by order of the Board of City Commissioners of said City; and that said petition will be heard and considered by the said Board of City Commissioners on a date not less than thirty days after the first publication of this notice, to-wit, on the 28th day of May, A. D. 1917, at 8:00 o'clock p. m. at the City Hall, in said City of Bismarck, and that at said time and place the matter aforesaid will be investigated and considered and the evidence and testimony of all persons interested therein will be heard.

Dated April 25, 1917.

R. H. TRISTLETHWAITE,  
City Auditor.

(SEAL)  
(Apr. 26; May 3-10-17-24)

FORMER QUEEN DEAD.

Algiers, May 24.—Former Queen Hanavalona of Madagascar is dead at her home here.

Queen Hanavalona has been living in exile in Algiers since 1886, when she was deposed by the French following anti-Christian outbreaks in Madagascar. It was during the French campaign in Madagascar that Marshal Joffre made the foundation of his military reputation.

## MOFFIT NEWS

Sid White bought a new runabout Ford last week.

Val Benson and Sam Mauk were capital city visitors Thursday.

George Brittin and family autowed down to South Dakota on Friday.

A number from here will attend the Cole Bros. circus at Bismarck, May 29.

Miss Edna Mauk, a Moffit girl, will graduate from the Bismarck high school, June 8.

Mrs. L. M. Flowers and children were visiting with relatives at Center last week.

Chester Parke has purchased a new motorcycle and will hit the high places now.

Miss Mabel Benedikt of Temvik is a guest at the home of her sister, Mrs. Charles Chase, south of town.

Miss Helen Wilson was a week-end guest at the Baker home, near Hazelton.

Some of our young people attended the dance at Gates' hall last Saturday night.

Medames Dralle, Whittaker, Dunker, Johnson and Lewis were shopping in town Friday.

Charles Chase and family were visiting at the Mauk home Sunday.

Mrs. Eggen and family visited at the Knutson home Sunday.

Otto Brown has treated his house to a new coat of paint.

Mr. and Mrs. Carpenter and Miss

Gregg arrived from Ohio Saturday and will spend the summer at the Lane and C. E. Moffit homes.

Mr. and Mrs. Elvin Hoover were callers in town Saturday.

ANOTHER CECIL CASE  
IN DISTRICT COURT;  
FORGED DEED CLAIM

Another action to quiet title growing out of the alleged operations of R. M. Cecil, formerly prominent in the real estate business in Bismarck and Wilson, is now occupying the attention of district court.

John P. Hanson and Charles A. Hanson are the plaintiffs. Albert Larson, R. M. Cecil, Lydia Cecil, T. S. Richworth and Albert Hollister are the defendants. The defense claims that the deed held by the plaintiffs and which they allege to have received from R. M. Cecil on purchase of the land was forged. The whereabouts of Cecil are unknown. He is said to have been charged with many similar acts.

LIVING MODELS.

Don't fail to see the living models wearing the latest fashioned and designed footwear in the center window of the A. W. Lucas department store this Thursday evening from 7:30 to 9:30 p. m.

NOISY BEER PARTY  
GETS JACK HUGHES  
IN BAD WITH LAW

Jack Hughes, a well known Bismarck resident, is in bad with the law because of a noisy beer party in a local hotel. The amber fluid produced so much conviviality that the police were called. They seized 16 bottles, some full and others empty, and also obtained information which led them to believe that Hughes supplied the beer. He is called upon in Justice Beer's court at 4 o'clock this afternoon to prove that he is not the guilty party.

"Shady" Character.

A "shady" character of whom hue yelet Williams appears in Justice Blackwell's court at 4 this afternoon to prove that Jennie Doe, a colored lady whose name is a mere handcraft, was mistaken when she testified this morning that said Williams did "snitch" a purse containing \$6 from the pocket of a Bismarck carpenter as the latter was leaving a capital city restaurant, and that said Williams did then and there proceed to transfer the contents of said purse to his own pocket without giving said Jennie a casual look-in. Jennie was first arrested for the crime, and she turned state's evidence.

Big Chief Chris Martenson did the sluething in both cases.

MINOT ELKS AND  
PYTHIANS ARRANGE  
TO CLOSE ROOMS

Minot, N. D., May 24.—An agreement was reached this afternoon whereby the Elks home will be closed on a temporary injunction for maintaining a liquor nuisance from June 1 to June 30, when upon hearing the injunction will be vacated and a room in the basement closed. No prosecutions will follow. It is understood that similar stipulations will be entered into with the Knights of Pythias. This disposes of all liquor cases against the two lodges.

FIRST GUARANTY BANK  
READY TO DO BUSINESS

The state examiner's office having completed a preliminary examination of the First Guaranty bank of Bismarck, the new capital city institution now is authorized to engage in a general banking business.

NOTICE OF SCHOOL ELECTION.  
(Special District—Annual Election)

Notice is hereby given that on the first Tuesday in June, being June 5th, A. D. 1917, an annual election will be held at Will school in the special school district of Bismarck No. 1, county of Burleigh, state of North Dakota, for the purpose of electing the following members of the board of education:

Two members to serve for a term of three years, for the city of Bismarck.

The polls will be opened at 9 o'clock a. m. and closed at 4 o'clock p. m. of that day.

Dated at Bismarck this 21st day of May, A. D. 1917.

By order of the board of education.  
RICHARD PENWARDEN,  
Clerk.

## DOINGS OF THE DUFFS. By Allman

PIONEER BISMARCK  
WOMAN SUMMONED

Mrs. Julia Myers Roop Passes  
Away at Home of Son

Mrs. Julia Myers Roop, aged 79, widow of J. N. Roop, died in the home of her son, J. I. Roop, on Seventh street, at 9 o'clock last evening, after a severe illness.

Mrs. Roop came to Burleigh county in 1883, locating in Bismarck. Shortly afterwards she went to Emmons county with her husband and lived there until four years ago, when she returned to Bismarck. She was a member of the German Baptist church.

The remains will be taken Friday morning to Hazelton, where funeral services will be conducted that afternoon, at 2:30, in the Hazelton union church. Interment will be made in the Hazelton cemetery.

The Roop store will be closed until after the funeral.

SECOND LIEUTENANT—Governor Frazier today commissioned Earl Hanson of Grand Forks to be second lieutenant of the second company, filling a vacancy.

BEWARE RUNAWAY BUG—The runaway bug seems to be in the air. In the last week it has bitten three different sets of Bismarck youth. The latest victims are four bellhops employed in a local hotel, who, without saying a word to anyone, expressed their grips to Glendive, Mont., on Wednesday night and quietly faded away. It is presumed they are beating their way to the Montana city, whither a friend preceded them. The hotel is running short-handed until a new crew can be broken in.

HEBRON.

The Melnecke Construction company has a crew of men putting in the cement work in the basement of the new Funk building.

The construction of the new lumber shed and office for the Dunham Lumber company is progressing rapidly.

Last Friday evening the pupils of Miss Wegner's and of Miss Dineen's rooms held class day exercises in the school gymnasium, a large number of the patrons of the school being present. A fancy work and candy sale was conducted. Let's the program.

The main feature of the program was the "Stars and Stripes Jubilee," given by pupils impersonating the various states, Uncle Sam, Columbia, and the soldier boys. The entertainment was thoroughly enjoyed and a goodly sum was added to the school piano fund.

C. Biffart, a workman in the Hebron brickyard, was badly injured last Tuesday forenoon, when a loaded clay car overturned upon him.

Follow-up workmen who rescued him found that he had sustained a broken arm and leg. He was hurried at once to the home of Dr. Schlegel and Brander for surgical attention.

On Saturday, the 26th of the Southwestern North Dakota Bittermakers' convention will be held in Hebron.

A. P. Nyden, accompanied by his wife, went last week to Rochester, Minn., where he will receive treatment for a serious attack of pleurisy.

A joint committee of the Civic club and of the Commercial club has made arrangements for the proper celebration of Memorial day.

A. J. Gammaitz, county agent of Morton county, visited Hebron on Tuesday. Through the co-operation of the public school, he has been enrolling pupils in various agricultural projects, such as the growing of an acre of corn or of alfalfa. About 15 pupils of the local school are engaged in at least one of these projects at the present time.

An important business meeting of the Congregational church was held last Wednesday, at which plans were made for the proper carrying on of the work for the coming year.

BEACH MAN DEAD.

A. H. Hoverson, aged 21, of Beach, died in one of the local hospitals Wednesday night. He is survived by an uncle, Edward Hoverson, with whom he made his home. The body is at Webb Bros. funeral parlors, awaiting the arrival of the uncle.

BANKERS ORGANIZE.

Flaxton, N. D., May 24.—The organization of the Burke County Bankers' association has been perfected, with F. A. Keup of Columbus, president; Bertie Nelson of Flaxton, vice president; and M. H. Powers of Bowbells, secretary-treasurer.

LIVING MODELS.

Don't fail to see the living models wearing the latest fashioned and designed footwear in the center window of the A. W. Lucas department store this Thursday evening from 7:30 to 9:30 p. m.

Diseased Skin

Freedom at once from the agony of skin disease. The soothing wash of D.D.D.—it's different. 5c, 25c and 50c.

D. D. D.

Prepared by J. C. Broun.

## SOCIETY

## Fortnightly Club to Meet During Summer to Sew for Red Cross

The Fortnightly club, at a meeting Wednesday afternoon with Mrs. F. S. Talcott on the Penitentiary road, decided to meet every two weeks during the summer months to sew for the Red Cross. Every member of the club has joined the Red Cross chapter and will devote considerable of their time for its service. A meeting will be held Monday with Mrs. N. O. Ramstad of Fourth street, to sew for the Bismarck section, which will leave for France as soon as orders are received from the government. The club has eliminated the annual banquet as a step in doing their bit in conservation.

Officers for the year were named.

the rotation plan being used. Mrs. Robert Orr is president; Mrs. F. R. Smyth, vice president; Mrs. G. A. Rawlings, secretary; Mrs. H. J. Linde, treasurer, and Mrs. N. O. Ramstad, corresponding secretary. Mrs. Linde and Mrs. Rawlings will serve for the first time.

Splendid papers featured the program. Mrs. Rawlings read a paper on "The Rubber Industry." Mrs. Maurice Martin on "Our Trade Relations with South America," and Mrs. Ramstad gave readings from Toussaint's Overture.

The club decided to study next year the "Tendencies of Modern Fiction."

## "Green Stockings" Given Splendid Presentation

"Green Stockings," Mason's comedy, which entertained theatre-goers for many seasons, was given a splendid presentation last evening by the junior class of the high school at the penitentiary auditorium. "Green Stockings" will be given Friday evening in the Auditorium as the junior class attraction.

The plot of the play centers in the announcement of an imaginary engagement by an elder daughter, who has had to wear a green stocking for one of her sisters' weddings and who is faced by the possibility of having to do them again for her youngest sister, as was the custom of the times. In sheer exasperation she resorts to a plan of announcing her engagement to a colonel, giving the place of residence a city where she had recently visited with relatives.

Many amusing incidents develop in trying to straighten out the deception when it is discovered after she has announced in a local paper the death of her fiancé—that such a person with that name lived.

The seat sale, which opened at Finney's Wednesday, is very gratifying and a large crowd is expected. Ten per cent of the proceeds will be donated to the local Red Cross chapter.

## Current Events Club.

The Current Events club held the last meeting of the year Wednesday afternoon with Mrs. M. P. Moore at her home on Avenue B. "Our Possessions" was the subject selected for the next year's study. It was decided to eliminate serving of refreshments next year as a measure of conservation. Officers were elected as follows: Mrs. G. R. Squire, president; Mrs. N. B. Fitch, vice president; Mrs. F. J. Marcellus, secretary; Mrs. Duncan J. McGillis, treasurer; Mrs. Nellie Everts, federation secretary. Mrs. A. J. Arnot, Mrs. J. P. French and Mr. J. A. Larson were appointed to form the membership committee.

The club decided to co-operate with

the Red Cross work. Nearly all members of the club have joined the local chapter.

Entertaining Beach Guest. Mrs. G. N. Keniston of Avenue A is entertaining as her guest, Mrs. Harry Walter of Beach.

Food Sale Saturday. Members of the Ladies Aid society of the Presbyterian church will have a fine line of home made articles on sale Saturday at the Hughes Electric company's office. Pies, cakes, cookies, doughnuts, rolls, baked beans and salads. Doughnuts and coffee will be served during the sale, which will begin at 2:30.

Red Cross Benefit. As a benefit to the local Red Cross chapter, Mrs. Wheeler will present a number of her piano pupils in a recital Saturday evenings, June 2 and 9 in the high school auditorium. Pupils of the seventh and eighth grades will give the first program, while pupils from grades one to five will give the second. No admission will be charged, but a silver offering will be taken.

Benefit for Company A. Considerable interest is being manifested in the benefit dancing party Friday evening in the Patterson hall, given by the M. B. A. lodge for Company A. The entertainment committee is arranging to accommodate a large crowd, as the affair is open to the general public. O'Connor's orchestra will furnish the music and the hours will be from 9 o'clock to 1. Women of the lodge are busy selling tickets and have already disposed of a large number.

Entertains at Tea. The Misses Catherine Welch, Beasie Keenan and Marjorie Shannon were joint hostesses Wednesday afternoon at the home of the former in Fourth street, at a charmingly appointed tea, given in honor of Miss Jennie Minder, niece of Governor and Mrs. Lynn J. Frazier, who has been their guest since coming to the governor's mansion. A color scheme of pink and

## MILITARY MODELS TAKE FASHION'S FIRST TRENCH

By BETTY BROWN.

New York, May 24.—Woman's sartorial world has capitulated to military influence.

The surrender is most obvious in outside garments like the "trench coat," the "submarine collar," and the "military cape." But it is betrayed, also, in less conspicuous ways, as in the use of military colors, for instance, West Point gray and red, or a liberality in the matter of patch pockets and belts, or unique cuff facings, braidings and buttons.

Fashion, however, refuses to consider khaki the only material adapted to military models. Today's illustration shows the sea change which a uniform brings about when a style maker prefers khaki and white striped sports shirt to army cloth. And no one can possibly criticize the beauty of either the practical or the fancy costume. To be quite graceful, the military cape is always cut with generous fullness.

The design which promises to be the most popular has an adjustable cape which is held by patent fasteners across the shoulder beneath the collar. If a day proves too warm, the wearer can take off the cape

without removing the jacket. The detachable cape is usually about six inches longer than the coat.

For midsummer, the military cape is made of some sunning shade of cotton sponge—blue, military blue, or green—while the jacket and skirt are fashioned of plain white or cream sponge, or a material figured in the same color as the cape.

The "trench coat" is subject to similar modifications in its severest form, double or single-breasted and with regulation patch pockets, it makes a most attractive motoring garment. Elaborated for street wear, the pockets are cleverly cut-in-one with a portion of the coat, or are bulged out to give a modified barred effect in a startlingly unmilitary manner.

New motor coats are cut shorter than those of former seasons, but they are still made on voluminous lines, ranging from 50 to 100 inches at the hem.

Designers make no secret of the military trend of coats for fall and winter. They will vary in length from 48 to 50 inches, will be very wide, and topped with immense square collars of fur or plush.

white was used, and Miss Keenan poured. Miss Minder left today for Crystal, to spend the summer with her parents. Mr. and Mrs. J. A. Minder, and will leave next fall for California to visit relatives.

## Gives Breakfast.

A group of girls of the domestic science department of the high school gave a breakfast to the mothers and friends of the school Wednesday morning at 8:30. Plum blossoms were used for the table decorations. Violet Dolan and Caroline Yegen served and Alice Iverson and Eva Hannan prepared the menu. The guests were: Mrs. O. A. Iverson, Mrs. L. A. Maynard, Mrs. T. C. Madden, Miss Frances Lamb, Mrs. O. F. Rustad and Mrs. A. S. Reitan.

## Announces Wedding Date.

Communications have been received in the city by intimate friends of Mr. and Mrs. L. D. McGahan of Minot, formerly of this place, announcing the wedding of their daughter, Miss Aileen McGahan, to Edgar Sorenson of Bellingham, Wash., on Monday, June 4. The wedding will be a fashionable military one, and will be solemnized in the First Baptist church. Many pre-nuptial events have been given in her honor.

## To Give Recital.

Miss Boyesen will present Miss Fay Connor, soprano, and Miss Lina Mandigo, pianist, in a recital this evening in the Norwegian Lutheran church. Miss Mandigo will play selections from Mendelssohn, Chopin, Verdi, Boyesen, Hayes and Paderewski. Miss

## \$60,000,000 HEIRESS BECOMES A BRIDE

Mrs. Lewis was Miss Louise Wise, heiress to the \$60,000,000 Flager fortune, and has just married Laurence Lewis, son of Thornton Lewis of Cincinnati. O. after a year's romance. She was made heir to the Flager millions by her aunt, Mrs. Robert W. Bingham, who before her marriage was Mrs. Henry M. Flager, widow of the Standard Oil magnate.

Connor's numbers will cover a wide range and will include selections from Noyes, MacDowell, Lane, Brahms, Baril and Ball. A special number will be the duet "Trovatore Fantasie, Albert-Verdi, by Miss Mandigo and Miss Boyesen. Among the special numbers of Miss Connor will be "Song of Love" by Noyes and MacDowell's "In the Woods" and "Confidence."

## Dr. Quain to Address Meeting for Men Only

Dr. E. P. Quain will talk to men only at the McCabe Methodist Episcopal church this evening, when he will appear in a lecture under the auspices of the Hustlers' Bible class of the church.

The lecture will be featured by singing of patriotic songs and a solo by Dr. C. E. Hunt, first lieutenant of the sanitary division. Ben B. Lenhart will be the accompanist, and Dr. W. J. Hutcherson will make the introductory speech. Dr. Quain expects to leave for France as the head of the Bismarck section of the American Red Cross society.

A social hour will follow the program, at which time ice cream, cake and coffee will be served. The soldier boys are extended a special invitation, along with the general invitation to all men of the city.

More Workers Needed. The magnitude of the work on Red Cross articles which has been assigned the capital city for the 14 boxes to equip the Bismarck section of the American Red Cross, is just beginning to be known by the many women who go daily to the basement of the nurses' home to sew.

Although the response has been splendid, yet it will take many days to finish the work. No definite time has been given the section for its departure for France, and so the work goes on under a high nervous tension for fear the call will come before the boxes are packed. Many more women are needed to sew. The invitation is extended to anyone interested in aiding.

The third and fourth divisions of the Ladies Aid society of the McCabe church will sew tomorrow afternoon. Other church societies have worked this week and many individuals. Work can be taken home if volunteers find they cannot go to the headquarters.

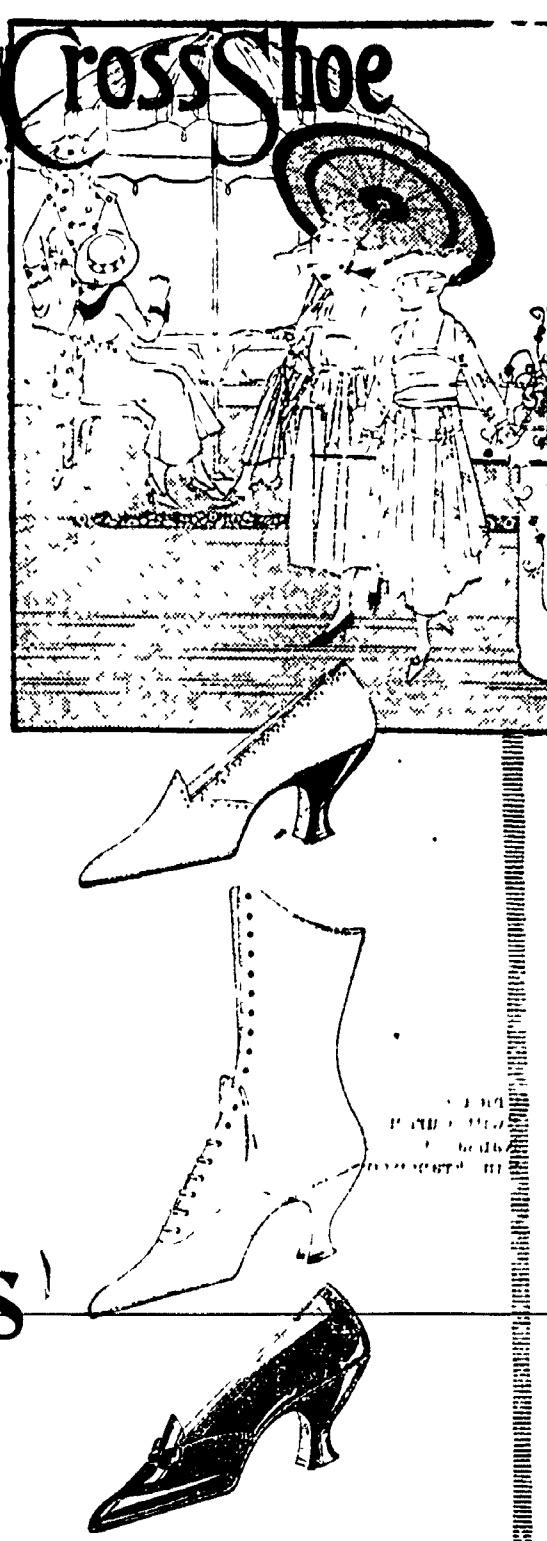

## Red Cross Shoe Correct Footwear for Summer Frocks

As you plan your dainty frocks for that summer trip, make sure that your footwear is as correct as the rest of your apparel.

If you wear the Red Cross Shoe—you can be sure that your footwear will be correct in every detail. It is nationally stylish. You will find in our store the same models that are on display in America's most fashionable shops from coast to coast.

And this famous shoe will make your foot feel better as well as look better. Though it "hugs the foot" with the snugness of a glove, the special Red Cross "bends with your foot" process makes every step easy, graceful, wholly comfortable. Come in—let us fit you today.

A. W. LUCAS  
Shoe Service

## CITY NEWS

Baldwin Visitor—George C. Rosenbeck and daughter, Miss Clara, of Croft township, were among the visitors in the city Wednesday.

Return East—Charles Niles and Nell Whipple have returned to their homes in Minneapolis, after a week's visit in the capital city. Mr. Niles is a former resident.

Returns From Eastern Trip—Charles Nejedly of Second street has returned from a business trip to Minneapolis. Mr. Nejedly expects to open a bakery in Mandan about June 1.

Here on Business—Among the business visitors in the capital city Wednesday were: Elmer Josephson of Wing, J. A. Pitzer, cashier of the Wilton bank; Albert Froenning of Elgin, and L. H. Langley of Driscoll.

Dr. Moore Returns—Dr. J. G. Moore, district superintendent of the Methodist church, returned Wednesday from Devils Lake, where he assisted Bishop Cooke in the dedication of the new Methodist church. While there he received word of the death of Supt. F. Henry Wolf, former superintendent of the Minot schools, at his home in Hutchinson, Minn. Last week Dr. Moore attended the meeting of the superintendents in Fargo and participated in the meeting of the Women's Home Missionary society in Carrington.

Mayor Issues Passes—Clerk of Court Charles Fisher is in receipt of a communication from Mayor Armstrong of Pittsburgh, inviting him to attend the annual national convention of the Loyal Order of Moose, which is held in that city the week of July 22. A pass with the inscription, "Distinguished Visitor's Pass," was

also enclosed. Mr. Fisher is past dictator of the lodge. Other past dictators of the city to receive similar passes were: P. T. Strock, F. J. McCormick, Joseph Mathews and T. G. Eagan.

War Veteran Here—A. H. DeGroff, who has been spending the winter on the Pacific coast, has arrived in the city and will spend some time here looking after his land interests near Driscoll. He was accompanied by his wife. Mr. DeGroff is a Civil war veteran and is post department commander of Wisconsin G. A. R. He was a member of Co. G, 25th Wisconsin Infantry.

For the Up-standing Man—at the front, in the trenches, on the firing line in any business, the best food to sustain energy and strength is Shredded Wheat Biscuit, the food that supplies in a digestible form the greatest amount of body-building nutriment at lowest cost. A better-balanced ration than meat, or eggs, or potatoes. Two or three of these Biscuits with milk make a satisfying, nourishing breakfast that puts you in top-notch condition for the day's work. Deliciously wholesome and nourishing for any meal with berries, or other fresh fruits. Made at Niagara Falls, N. Y.

Batteries—McLaughlin and Bachant; McCoy and Wilkin.

**SPORTS CHATTER**  
Germans are eating crow says a headline. Probably trying to get used to the taste before they are forced to eat it.  
Hank O'Day says this is the worst season he ever had. And he once managed Cincinnati.  
Someone has suggested Garry Hermann as a candidate for mayor of Cincinnati. Some guys are always looking for trouble.  
"I'm not claiming a pennant this year"—Connie Mack. Which we would call violet-like modesty.  
Two Texas league teams have disbanded. Releasing some good plowmen and boiler-makers, we presume.  
Hannes Kolehmainen says nuts form a principal part of his meals. We always wondered why a man would want to run marathons, now the mystery is explained.

**TIGER MEN HEED CALL**  
Out of almost 50 letter men at Princeton not more than half a dozen remain, the rest having left college to join the colors.  
Athletes have led one-third of the Princeton student body to the front and those of the greatest fame in athletics have been among those to go.  
Among them are: Capt. Hogg, Capt. elect Wilson of the eleven; Capt. Moore and Capt. elect Barret of the track squad; Capt. Driggs, Capt. elect Lee, Capt. Latden of the swimming team.

**NOTICE TO CREDITORS.**  
In the matter of the estate of Celia Harvey, deceased.  
Notice is hereby given by the undersigned, Rose Bair, executrix of the last will of Celia Harvey, late of the township of Burt Creek in the county of Burleigh and state of North Dakota, deceased, to the creditors of, and all persons having claims against said deceased, to exhibit them with the necessary vouchers, within six months after the first publication of this notice, to said executrix at the office of Newton, Dillam & Young in the City National bank building in the city of Bismarck in said Burleigh county, North Dakota.  
Dated May 23, A. D. 1917.

ROSE BAIR,  
Executrix.

First publication on the 24th day of May, 1917.  
5:24-31-6:13

**SELLS \$10,000 WORTH OF WHEAT AND DOESN'T ROB GRANARIES EITHER**  
Anamoose, N. D., May 24.—After selling \$10,000 worth of wheat to a local elevator, Julius Bloomhagen, residing southeast of Anamoose, advised that his granaries are still well stocked.

## LEON AMES, 14 YEARS IN MAJOR LEAGUE BASEBALL, STILL SHOWS UP YOUTHS

By PAUL PURMAN.

It's about time someone said something about Leon Ames, one of the real veterans of baseball, the oldest pitcher in point of service. Eddie Plank excepted, in both leagues.

Red Ames, a flaming haired youth, joined the Giants in 1903, 14 years ago.

It seems a long time ago when McGinnity was in his prime and Mathewson was one of the youngsters of the league, when Ed Delehanty was with Washington and the National and American leagues played the first world series.

It was not until two years later that Ames became a really great pitcher, when he helped Mathewson and McGinnity to win the National flag for McGraw and trim Connie Mack in the world series.

But after that, year after year, Ames won games for the Giants until 1913, when he was traded to Cincinnati.

Last year he went to St. Louis, where he pitched excellent ball for a hopeless second division team.

This year, at 35, Ames is proving that his old arm has not lost its strength nor his brain its cunning.

Ames has never been considered a wonderful pitcher, but the records show something which few pitchers at his age can boast of.

In the five years that the major leagues have kept records of pitching effectiveness, showing earned runs allowed per game, Ames has allowed but 2.75 earned runs per game, a remarkable achievement when it is considered that these records were made

after Ames had passed 29, an age which few pitchers reach in the majors.

For three of the years, 1914, 1915, and 1916, Ames was with Cincinnati and St. Louis, both losing clubs, and his poorest year was in 1915, when his record was 3.23 runs per game.

## N. P. RIGHT-OF-WAY

\$100,000 Awarded Property Owners on Bozeman Freight Line

Bozeman, Mont., May 24.—Approximately \$100,000 was awarded 17 land owners in the railroad condemnation suit to procure right-of-way for the

Northern Pacific's low grade freight line between Bozeman and Logan. A second suit against other property holders will be heard this week.

## FRACTURED SKULLS

Railroad Section Crew Injured When Speeder Jumps Track

Rowbells, N. D., May 24.—Henry Osborne and Henry Kienast sustained fractured skulls and Ole Frevolen, foreman, and two other men minor injuries when a speeder upon which the section crew was speeding to its work on the Soo line, jumped the track.

### NOTICE OF SALE

Notice is hereby given that certain mortgage, executed and delivered by C. V. Wilder, mortgagor, to the Northern Land and Investment Company, a corporation, under the laws of the state of Minnesota mortgage, dated the 25th day of January, 1910, and filed for record in the office of the register of deeds of the county of Burleigh and state of North Dakota, on the 4th day of April, 1910, and recorded in Book 34 of Mortgages at Page 115 and assigned by said mortgagee to F. N. Vaughan, will be foreclosed by sale of the premises in such mortgage and hereinafter described, at the front door of the court house in the county of Burleigh and state of North Dakota at the hour of ten o'clock A. M. on the 15th day of June 1917, to satisfy the amount due upon such mortgage on the day of sale. The premises described in such mortgage and which will be sold to satisfy the same are described as follows: The Southeast (SE 1/4) of Section Fifteen (15), Township One Hundred and Forty-one (141), North of Range Seventy-seven (77), West of the Fifth Principal Meridian, containing one hundred and sixty acres, more or less, according to the United States Government survey thereof.

There will be due on such mortgage at the date of sale the sum of Nine Hundred and sixty-nine dollars and fifty-five cents (\$969.55).

F. N. VAUGHAN, Assignee of Mortgage.

BENTON BAKER, Attorney for assignee of mortgage.

### RESOLUTION.

Whereas, it is deemed necessary by the City Commission of the City of Bismarck, North Dakota, that sidewalks be constructed in the City of Bismarck, as herein specified:

Therefore, Be It Resolved, That sidewalks be and the same are hereby ordered to be constructed in front of or adjoining the following described property, situated in the City of Bismarck and the City Auditor is hereby instructed to notify the owners of said property in the manner prescribed by law of the action of the City Commission:

Lots 1 and 6, Block 6 and Lots 1 and 2 Block 7 all in the Northern Pacific Addition to the City of Bismarck, N. D.

And Be It Further Resolved, That the said sidewalks shall be constructed in accordance with the provisions of ordinances now in force and effect and not later than the first day of June, 1917, and should said sidewalks not be constructed by the date herein set forth, then said sidewalks are hereby ordered to be constructed by the city contractor in accordance with the statutes in such case made and provided.

C. L. BURTON, City Auditor

## LEADERS THINK WILSON THIRD TERM ASPIRANT

Political Plans and Legislative  
Activities Are Proceeding  
on That Basis

By GILSON GARDNER.

Washington, May 24.—Congress has decided President Wilson is a candidate for a third term. Political plans and legislative activities are proceeding on this assumption.

Many people will feel that the third question is premature at this time.

There are three years before the next national democratic convention. Much will happen in these years. Nevertheless, there must be a present answer to the third term question for every man who lives in politics. Political futures depend on the answer.

Will Champ Clark be the next democratic candidate?

Will Roosevelt have his hat in the ring again?

Will the next campaign be fought on the war issue?

These questions every member of the house and nearly every member of the senate, have been discussing in cloak rooms and settling one way or the other.

A president finishing his last term, and about to go into private life, is less powerful than a president beginning eight years of presidential office.

Even Roosevelt, it will be remembered, after he had announced he would retire at the end of his second term became the object of bitter attack by enemies within and without his party, who up to that time had been restrained by political prudence.

James A. Tamm of Minnesota was one of those who discovered the "big stick" was dwindling.

If President Wilson were to announce today that after March 4, 1920, he would be a private citizen, his "big stick" would begin a rapid dwindling and many politicians—democratic and republican—now restrained by fear, would go after him savagely.

These attacks are now muffled by the cloak room. They would then be

## HOW TO MASTER THE MACHINERY OF THE BODY

(By N. B. Cook, M. D.)

The machinery of the body needs to be oiled, kept in good condition just as the automobile or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. Their tongue is a dark brown color, their salivary glands are dry, yet they fail to see that their machinery needs attention. Everybody should take a mild laxative at least once a week. A pleasant way to clear the tongue and the highly colored water noticed in the morning is to take a laxative which will cure the inactive liver and biliousness.

A pleasant vegetable pill is made up of May-apple, leaves of aloe, and jalap, made into a tiny pellet and coated with sugar. First put up by Dr. Pierce nearly 50 years ago. Druggists sell these vegetable pellets in vials—simply ask for Dr. Pierce's Pleasant Pellets.

If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica, if you suspect that you have kidney or bladder trouble, write Dr. Pierce at Invalids' Hotel, Buffalo, N. Y., send a sample of urine, and describe symptoms. A physician and chemist will examine it without charge and you will be under no obligation whatever. Dr. Pierce's Anuric tablets cannot fail to help you, because their action flushes the kidneys of impurities and puts strength into them.

Obtain a 50 cent box of Anuric (double strength) today from your druggist in town. From personal observation in large hospital practice, Anuric will give you speedy relief.

made in the open and backed by many votes.

President Wilson has naturally avoided with great care any statement which might be construed as an announcement that he will not run in 1919.

With the country at war he can state with utmost good faith that no man can foresee what may be the necessities of the occasion.

It might be dangerous to attempt to "swap horses while crossing the stream." On the other hand, the war may be over and Wilson may feel his big work has been done and want rest.

Diligent efforts have been made to sound out Wilson's mind through friends, and to interpret his thought through his public and private acts on this third term matter. The answer, as previously stated, is affirmative.

The political world believes the president is planning for a third consecutive term. Champ Clark believes this. All Champ Clark's friends believe this. Jim Mann and his republican cohorts believe it and are acting on this belief.

In large part it may be said the conclusion is an inference from such public acts as the president's frank expression of feeling that Roosevelt should not be permitted to take a division abroad.

This was the opinion brought out in the debate on that subject in the house.

Privately administration democrats say Roosevelt should not be permitted to make political capital out of the war, which they think would be his purpose if he were allowed to raise a division and take it to the trenches.

## PIONEER WHO RODE MISSOURI IN 1862 DEAD IN MONTANA

Charles P. Thomas Passed Site  
of Bismarck Ten Years Before  
City Was Born

Fort Benton, Mont., May 24.—Charles P. Thomas, who came up the Missouri from St. Louis in 1862; who drove freight trains from Fort Benton to Helena in the early days of the state, and helped build at Helena its first historic log house, which still stands; who saw Virginia City in its palmy days and was on the wharf at Fort Benton when "Brother Van" landed in 1872, is dead at Valier, aged 74.

Born in Ohio in 1842, Thomas became a river rat on boats plying the Ohio and Mississippi when he was 12 years old. He was on a steamboat in the lower Mississippi in 1862 when all aboard were captured by the union army, as prisoners of war, but later made his escape, and immediately set out for Fort Benton, making his first voyage up the Missouri.

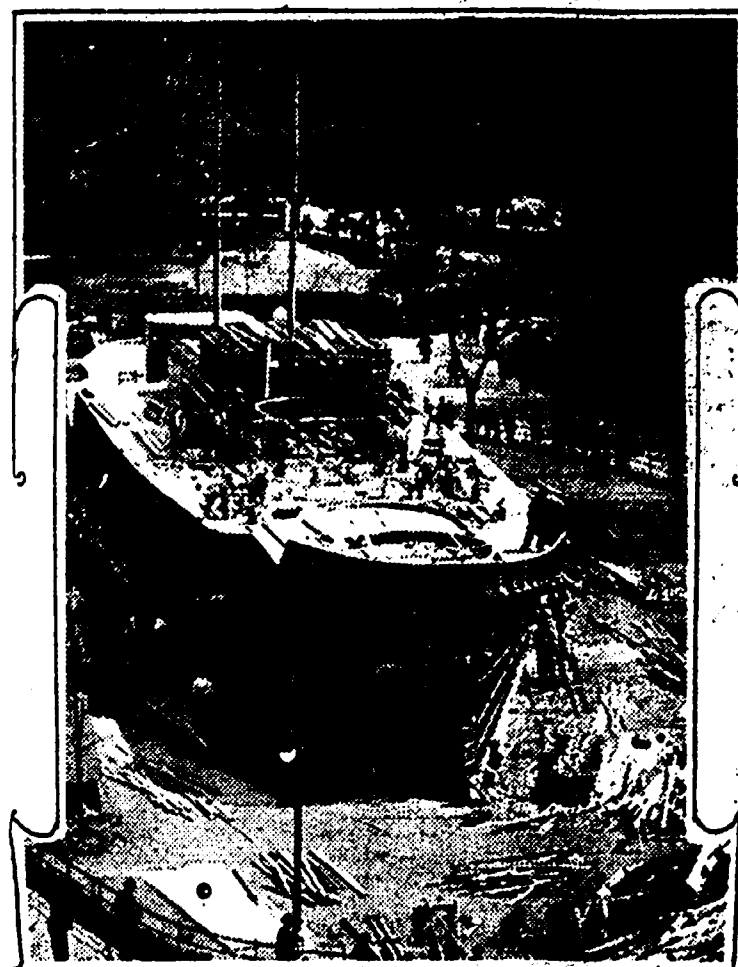

## MANDAN AUTO CLUB WILL BE ORGANIZED UNDER A. A. GRANT

Prominent Bismarck Motor Bugs  
Go Across River Tonight to  
Attend Meeting

Several carloads of Bismarck automobile enthusiasts will journey to Mandan this evening via the ferryboat Marion to attend the organization meeting of the Mandan Automobile club, which is to be rehabilitated under an American Automobile association charter.

Dr. Mackay is at the head of the rejuvenated organization which expects to play a more important part than ever before in Morton county activities. Practically every automobile owner in the Morton county seat will be enrolled, and in time the membership of the club will be extended to the other towns of the county. George N. Johnston, secretary of the Bismarck Commercial club, is master transcontinental trial builder of the northwest, will assist with the organization work this evening, and other active members of the Bismarck club who will make the

## BUILD SUPERDREADNAUGHT TO DRAW RECRUITS

A modern superdreadnaught is being built of wood in Union Square, New York, where millions of people pass daily, to draw recruits. It will have turrets and wood guns and a crew of several hundred men, who will go through all duties and drills of regular sailors.

journey are President H. P. Goddard, W. E. Lahr, a member of the board of directors, and O. W. Roberts, president of the Burleigh County Automobile association.

## \$700 SHORTAGE CHARGED UP TO MACCABEE HEAD

Arrest of Weiss Brings Out Statement From Grand Tent Officers

Fargo, N. D., May 24.—M. A. Weiss, deputy commander of the state tent of the order of Maccabees, who was arrested yesterday morning on complaint of Charles M. Helund, one of his deputies, charging him with obtaining money under false pretenses, will probably have to face more serious charges than the \$700 shortage.

While no formal complaint has been made, it was indicated by officers of the local tent of Maccabees yesterday that Weiss has secured approximately \$700 of the lodge's money without having accounted for it.

"We have come across a large number of applications marked paid, but the proceeds of which have never reached the finance keeper," said Mr. Reese. "He has also collected several hundred dollars from members for the uniform rank and none of this has been turned in. Besides this it has come to my knowledge that he has been collecting a fund with which to handle the reunion Maccabees to be held here this summer, and this money is gone. I know of several hotel and restaurant men who have contributed to this fund, thinking it was authorized by the order. It was just a scheme that he himself had arranged."

## ARIZONA AGREES WITH DAKOTA IN REGENTS AFFAIR

Hands Down Decision Almost Identical With That of Justice Robinson

Confirmation of the judgment of the majority of the North Dakota supreme court in the board of regents case is found in a current law report giving an opinion of the Arizona supreme bench whose findings are almost identical with those of Judge A. M. Christensen, as embodied in his special concurring opinion, and, in part, with those of Chief Justice Bruce.

The point raised in Arizona was exactly the same as that presented in the board of regents case here. The finding of the Arizona court was precisely the same. The two opinions were handed down almost simultaneously, and the coincidence is rather noteworthy.

When a Law's a Law. A law is a law, the Arizona supreme court holds, from the day it passes the legislature. In the Arizona case the governor withheld his signature, and the act became a law merely through his failure to return it to the legislature within the prescribed ten days. This act provided for the naming of a certain board to assume office when the law became

effective, nine days after the close of the session. The act carried no emergency clause, and it named the members of the board. The board members proceeded to qualify and file their bonds. Suit was brought to prevent the acceptance of these bonds, on the grounds that the law had not taken effect, and the board had no legal existence and could not qualify until the act did become operative.

The Legislature's Power. The court ruled that the legislature had full power to name members of the board; that the law became law ten days after its passage, when it was not returned by the governor; that the board, being lawfully created, its qualifications and bonds could be accepted before the act became actually operative.

The board of regents in resisting court proceedings made the contention that a law's provisions may be complied with and the act considered binding prior to the actual date of its taking effect. The board members had been named and their nominations confirmed after the passage of the act, creating their office, but before it became operative.

## \$2.50 BASE FOR NORTHERN WHEAT WILL BE ASKED

Anderson and Wood Members of Committee Which Will Ask Minimum for Grain

## INCREASING COSTS OF FARM SUPPLIES CITED

Fargo, N. D., May 24.—Two dollars and fifty cents at northwest terminals as the governmental price guarantee for the 1917 wheat crop was urged as the result of an all-day meeting of northwestern grain growers, held in Fargo yesterday.

The conference deputized a committee, composed of seven, to represent it at Washington, D. C. Members of this committee will be: J. B. Anderson and Benjamin Drake of Minnesota, Howard Wood and Senator Thomas Pendray of North Dakota, former Senator J. R. Kelly of South Dakota, G. F. Lewis of Montana, and a representative of the National Organization Society, representing Wisconsin. This committee will strive to have the \$2.50 price written in the food control bill now under consideration by congress.

The meeting, called largely through the activities of the American Society of Equity, attracted about 80 grain growers and others, largely from North Dakota and Minnesota. Sessions started at 10 o'clock yesterday morning and adjournment was not reached until shortly after midnight.

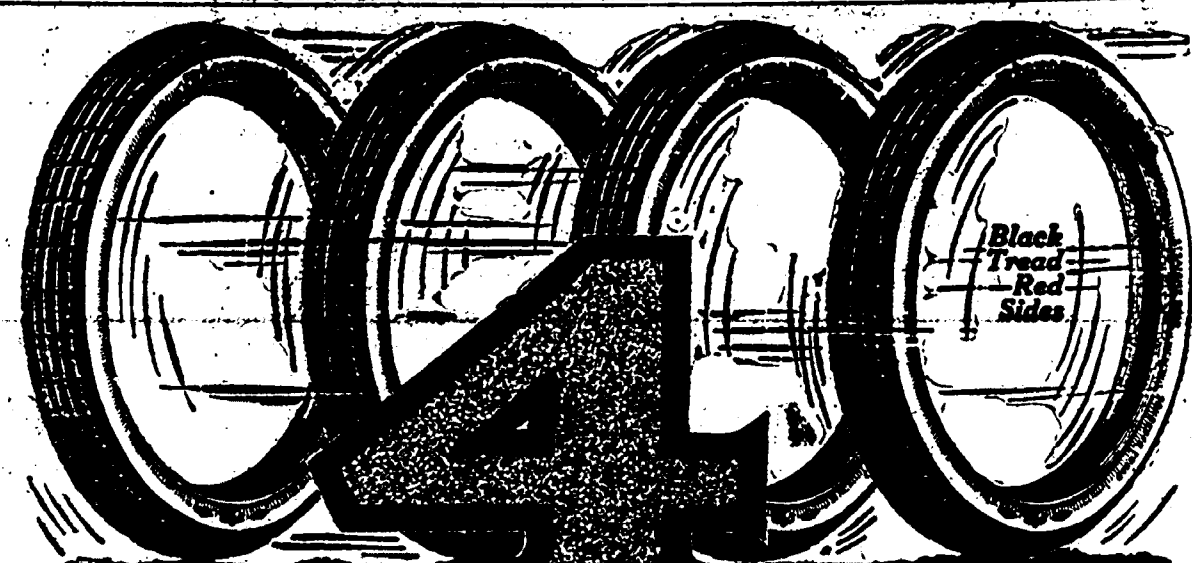

Two dollars and fifty cents was the price for No. 1 northern wheat, as agreed upon as an acceptable minimum price by unanimous vote, but only after several hours of discussion, earlier proposals for guaranteed prices of \$2 and \$2.25 being rejected.

## CORNS PEEL RIGHT OFF WITH "GETS-IT"

2 Drops, and the Corn is a "Goner!" When you've got to walk on the sides of your shoe to get away from those awful corn-pains, there's only one common-sense thing to do.

Use "Gets-It" Your Corns Won't Grow to Water-Blisters. It's the Best Corn Remedy. Put 2 or 3 drops of "Gets-It" on the corn, right away. Pain and inflammation will disappear, the corn will begin to shrivel from that instant—then it loosens and falls right off. There's no other corn-remover in the world that acts like "Gets-It." No new discovery has been made in corn-removers since "Gets-It" was born. Don't forget that fact. "Gets-It" does away forever with the use of salves that irritate, bandages that make a bundle of your toe, plasters that draw blood. Use "Gets-It"—no more digging or cutting. "Gets-It" is sold everywhere, 35c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Bismarck, N. D., the world's best corn remedy by "Gets-It" Drug

## Save more money, get more mileage with Diamond Tires

Your car runs on four tires. When you save in the cost of your tires this multiplies your savings by four—when you use four Diamonds.

The quality of Diamonds is as mechanical as mathematics, too. Machines which cannot make a mistake perfect the work of man who know fabric, rubber and tire-construction.

This inimitable, tough, "stubbormized" black rubber squeegie tread, like as a larriat, actually outwears steel.

That is why increasing thousands of motorists see the first cost saving in Diamond Tires and enjoy the further benefit in their long, dependable service.

Every Diamond Tire must deliver full value in service. If ever a Diamond Tire fails, a cheerful, willing adjustment will be promptly made.

**THE PULLMAN COMPANY**

**Courtesy.** In the introduction to the book of instruction for Pullman employees occurs the phrase: "The most important feature to be observed at all times is to satisfy and please passengers," and again "the reputation of the service depends as much upon the efficiency of employees as upon the facilities provided by the Company for the comfort of its patrons."

Such personal service cannot be instantly developed; it can be achieved only through years of experience and the close personal study of the wide range of requirements of twenty-six million passengers.

To retain in the Pullman service experienced car employees of high personal qualifications, pensions are provided for the years that follow their retirement from active service, provision afforded for sick relief assistance and increases in pay are given at regular intervals with respect to the number of years of continuous and satisfactory employment.

A further inducement in which civility and courtesy are counted of great importance, is the award of an extra month's pay each year for an unblemished record. As a result, a large percentage of Pullman conductors and porters are qualified by many years of experience to render passengers the highest type of personal service.
